

# Drawer & Deposit Options

## Capsule Deposit

The Capsule Deposit facility can be fitted to any of our range of safes on any size. The deposit hole can be positioned in the top, rear or side of the safe. Each safe comes complete with six capsules.

## Letter Slot Deposit

The Letter Slot Deposit facility can be fitted to any of our range of safes.

The Letter slot can be positioned in the top, rear or side of the safe. The opening measures 150mm x 25mm.

## Rotary Deposit

The Rotary Deposit facility is available on all of our range of safes from Size 2 upwards. The rotary sits on top of the safe and allows parcels to be deposited into the safe via the rotary drum.

## Drawer Deposit

The drawer deposit is available on the Harlech, Dudley, Compact 5000 and Europa models and can be fitted front, side or rear facing. The drawer opening is 260mm wide, 260mm deep and 150mm high. As standard, the drawer is secured by key lock.
