

CENTRA COMMAND CONTROL ROOM

Centra Security recommends as its partner Lund Halsey UK Manufacturer of control room furniture an example of an installation above using the Monitor Stack System.

Suitable for a wide variety of applications the display wall can be designed to house anything from 1 large screen to a multiple mount configuration. The KudoStack is a totally modular monitor stack system and can be built to any height width or shape, being modular it also benefits from being reconfigurable allowing for future expansion. Design includes:

1. Hollow extruded uprights enabling full cable access to the floor
2. Adjustable leveling feet, bolt plates or under floor mounts shoes
3. Cable tray to the rear of the stack concealing the cable
4. Adjustable Horizontal Beams
5. Quick Release Vesa Mount screen fixings
6. Supply in any RAL colour to suit client corporate style
7. Flat Pack Assembly

KudoStacks can display

1. Flat Screens
2. Multiview Screens
3. UMDs
4. Speakers
5. Clocks
6. 19" Rack Equipment
